Chicago, IL | (312) 889-2393 | jairom091403@gmail.com | linkedin.com/in/jairo-mor | jairomora.com

EDUCATION

University of Illinois Urbana-Champaign Champaign, IL
Gies College of Business – Bachelor of Science in Finance May 2026
Honors: Gies Business Scholarship Recipient
Relevant Coursework: Three-Statement Modeling, Comparable Companies, Precedent Transactions, Derivatives

PROFESSIONAL EXPERIENCE

OnDean, Chicago, IL Jun 2026 – Present
Fellow

- Analyzed 10-Ks, 10-Qs, and earnings calls for 5 public software companies, benchmarking revenue models, growth rates, and valuation multiples
- Built an Excel valuation dashboard with 3 five-year scenarios showing how customer expansion, contraction, and churn drive recurring revenue
- Designed a 4-factor framework scoring AI disruption risk across data advantage, workflow dependence, pricing power, and demand
- Developed an investment thesis on Snowflake weighing AI infrastructure demand against valuation and operating risk, presented to executives 3 times and revised the model after each round of feedback

Pinnacle Automotive, Nashville, TN Jun 2025 – Aug 2025
Sales Intern

- Advised about 15 customers per week on loan options matched to their credit profiles
- Helped build a payment schedule for a 24-month financing plan with $4,000 down, tailored to the customer's monthly budget

PROJECTS

Company Research Platform Oct 2026

- Built a web app that turns SEC filings into comparable annual, quarterly, and year-to-date financials, with every figure traced to its source filing
- Automated Excel exports with live formulas and reconciliation checks validated across public companies

Interactive 3D Chicago Model Oct 2026

- Modeled downtown Chicago in 3D with a scripted day/night cycle and character placement

LEADERSHIP & INVOLVEMENT

Lambda Theta Phi Latin Fraternity, Inc., Champaign, IL Nov 2024 – May 2026
Social Chair

- Organized 3 finance and investing events per semester covering budgeting, markets, and risk

Association of Latino Professionals For America (ALPFA), Champaign, IL Jan 2023 – May 2026
Mentor

- Mentored underclassmen on internship recruiting and careers through workshops with Fortune 500 professionals

Association for Quantitative Trading Education, Champaign, IL Sep 2024 – May 2025
Member

- Researched SPY and Nasdaq volatility and liquidity zones to build and simulate rule-based trading strategies
